FORD F-150 POLICE RESPONDER/SSV ORDERING GUIDE

Equip your F-150 vehicle with the latest aftermarket options, from basic lighting solutions to making your vehicle ready for patrol.

GETTING STARTED

Crown is excited to offer the following options for Ford's new F-150 Police Responder/SSV. From base wiring to a turn-key Ready-for-Patrol package, use this easy-to-follow ordering guide to get the vehicle you want, the way you want.

SEAMLESS CUSTOMER PROCESS

- 1 Select your equipment options from this Crown F-150 Police Responder/SSV Ordering Guide.
- 2 Dealer contacts Crown at 1-800-321-4934 or through their regional sales manager to discuss specifications, ask questions and review engineering requirements.
- 3 Crown provides a quote for the agreed upon build after all details of the upfit options have been established.
- 4 Financial arrangements are established between a Crown representative and the ordering dealership so the agency transaction can be executed.
- 5 Once a Purchase Order has been secured, the dealership will receive an order confirmation that verifies all equipment and pricing.
- 6 Dealer orders the F-150 Police Responder/SSV with the ShipThru Code **31L - D9K**. The dealership code, body code and order number(s) are then provided to Crown.
- 7 Ford produces the vehicle and it is shipped to Crown for upfitting. When upfit is completed the vehicle is put back into the Ford transportation system and shipped directly to the ordering dealership's location.
